In general, the eighteenth year of this nationally recognized event continues to draw racers from over 33 States and 8 foreign countries to Rock Island and The Quad Cities. With the generous donation of time from over 200 volunteers, this race continues as a ***free*** event for the enjoyment of many spectators and remains a great family event during the Labor Day week-end. Speeds up to 100 mph, add to the excitement, but also adds to the need for dedicated volunteers to build a safe track.

Volunteers must be at least 15 years of age. Previous years ***The Rock Island Grand Prix*** has been the choice for groups fulfilling their community service requirements. Anything from family groups and teenagers to Community service organizations, business groups, church, school, and social groups have volunteered. Many other organizations that enjoy the atmosphere and ability to help showcase our community have participated. They have commented that they enjoy the PRIDE that comes with being a part of this high speed event and the important part they play in constructing a safe, and the World's largest go kart street track.

We hope you will consider volunteering, if only for a few hours. If not, try to set aside a few hours to enjoy this great event over the Labor Day weekend. Please visit our website, listed above, for more details and information.
